Setting Up Digital Read Works for Your Class

1. Have a Word Document with your classlist open.

2. Go to http://digital.readworks.org/, and create a **Teacher Account**. (you can use the same email and password you used for http://www.readworks.org

3. Once you have your account, Click on the **Class Admin** tab.

4. Choose **Create a Class**, and complete the required information.

5. On the **Invite Students to Class** page, Choose **Invite with Roster** (unless you are using Google Classroom)

6. In the window that opens **Add Students to Class**, copy and paste or type your classlist.

7. The next screen has you approve your class list and the default password. Click OK.

On the **Class** page you should see something like this:

How to get students to their assignments
1. 1. Have students go to **digital.readworks.org/student**
   2. Students enter class code **553UUN**
   3. Tell your students that their default password is **1234**

Finding and Assigning Articles

From the **Find Articles** tab, you can search for articles
By topic and the Criteria pictured to the right.

From the article screen you can **Print**, **Add to List** (to save for later use), or **Assign** them to your students.

You can choose to **Assign to Whole Class or Specific Students**.

See the **Teacher Tips** tab for information on Product types and their descriptions.
